Our Approach ...

The team of highly specialized agents at Green Homes Group have impacted on Egypt's real estate market largely due to their driving ambition to constantly better themselves and better the quality of real estate performed in the area. Green Homes Group has continuously grown to be one of the leading agencies within the industry. The team offers professional experience and expertise in all areas of real estate ranging from Residential Sales and Marketing to property management services to commercial sales and leasing.

Our Mission

Our Mission is based on bringing together homebuyers & the properties developers/ Home sellers under one roof.

Our Process ...

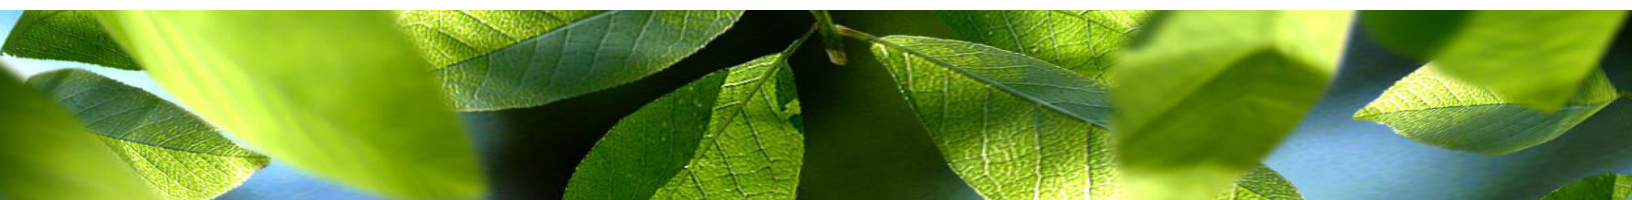

Buy-Manage-Sell Strategy

Broad diversification

Buy-Manage-Sell Strategy as part of their professional portfolio management. The close proximity of the country branches to the most important markets and customers enables them to acquire, at short notice, the suitable real estate for the portfolio, professionally manage this locally, and then sell at the best time.

Broad diversification Green Homes Group Real Estate is successful through the diversification of its portfolio. It distributes direct and indirect investments In Egypt. Its focus is on a range of utilization types: besides office real estate, retail real estate will also become more important in the future; residential real estate also belongs to the portfolio. With special utilization types, for example logistics real estate, Green Homes Real Estate prefers indirect investments.
